*Delivering Contextually Relevant, Right Time, Life-Saving Communications*

## 2025 CONSTELLATION SHORTLIST

The Constellation ShortList™ presents vendors in different categories of the market relevant to early adopters. In addition, products included in this document meet the threshold criteria for this category as determined by Constellation Research. This Constellation ShortList of vendors for a market category is compiled through conversations with early adopter clients, independent analysis and briefings with vendors and partners.

### ABOUT THIS SHORTLIST

With many medical institutions still communicating through pagers and outdated programs, clinical communication technology aims to transform the patient experience and provide enhanced processes for the entire network. Constellation forecasts a \$5.1B market by 2030 with a CAGR of 12.8%.

Health systems and hospitals are making significant enterprise-wide investments in the next-generation clinical communications platforms to drive transformation toward patient-centered care models. The goal is to achieve the “Triple Aim” framework of reducing healthcare costs, improving care quality and outcomes, and increasing patient and staff satisfaction.
